Backed "Steelecety" for equip the institution and put it on a \$23,000, but Never Saw Weird Motor Force.

A fury in Part 1. General Sessions, before Judge O'Sullivan, will to day determine the innocence or guilt of Charles Brewster Steele, of Baitimore, on a charge of grand larceny made by Augustin B. Wheeler, President of the United States Bank, in New Orleans, When the trial began, a few days ago, Jesse R. Grant, son of the late Gen. U. S. Grant, testified against his former schoolmate and old-time friend, the isoner, and was cross-questioned by Henry E. Davis, attorney for the prisoner, who was a class-mate of both

George W. Atkinson, a former Governor of West Virginia; George H. Yea mans, a former United States Minister to Denmark; Jesse R., Grant and Mr. Wheeler have been the prinicipal wilnewies against the defendant.

Pleaded Guilty of Pretense. Steele was arrested March 7 last on warrant charging him with practicing law without having been admitted to the bar. He pleaded guilty on March judge was informed by the District-Attorney that later in the day a more

serious charge would be made.

In the mean time Mr. Wheeler was before the Grand Jury, where he testiffied that Steele had swindled him out of \$23,000 by getting him interested financially in an alleged bogus invention. Steele, he said, claimed to be the inventor of a generating power which he had named "Steelecety" and which would furnish heat, light and power in private houses and could be used in connection with street cars, railroads

The principal alm of the institution will be to investigate problems concerning transportation by water, and to endeavor to increase the importance of this city as a maritime port. The promoters of the idea hope that the city will provide a site in Bronx Park, and fine buildings will thereon be erected by the rich men behind the institution. It will be one of the finest of its kind on earth, will contain ship models and all things used by nivigators. Other men interested are Professor Poor, Edward S. Islam, George A.

one charge was good for thirty continuous Moules. Assistant District-Attorney Garyin, as prosecutor, told the jury that his office not only could find no patents, but had been unable to get hold of an ounce of "Steelecety." in any form or shape. Harddeuted the speed alleged to have been attained by an automobile propelled by "Steelecety." and, reading from the Orand Jury minutes, inferenced the Court that Steele had stated that he destroyed the automobile after the remarkable speed alleged to have been attained. The defense did not attempt to prove any actual invention, but that Steele thought he had such an invention if he could work out his ideas, and that Wheeler had advanced the money to promote a prospective invention. BLACK MIXED 60c and 70c Per Lb. At Your Grocer's.

The ingredients of which S. S. S. is composed, and the method of combining and preparing them so that they gently and pleasantly build up and strengthen every part of the body, make it the ideal tonic for a disordered condition of the system. Every one feels the need of a tonic sometimes. The system seems to get "out of gear," the appetite becomes fickle, the energies are depressed, sleep is not restful or refreshing, and the entire body has a nervous, worn-out feeling. When the system is in this depleted, run-down condition it must be aided by a tonic, and S. S. S. is recognized everywhere as the standard. Being made entirely of roots, herbs and barks selected for their gentle action as well as their invigorat-Ing effect on the system, it will not disagreeably affect any of the delicate members or tissues as do most of the so-called tonics on the market which contain potash or some other harmful mineral ingredient. These derange the stomach and digestion, unfavorably affect the bowels or otherwise damage the health. S. S. S. tones up the stomach and digestion, improves the appetite, produces refreshing sleep, rids the body of that tired, rundown feeling, and supplies tone and vigor to the entire system. It reestablishes the healthy circulation of the blood, acts more promptly and gives better and more lasting results than any other tonic, and because of its vegetable purity is an absolutely safe medicine for young or old. S. S. acts admirably in cases of dyspepsia, indigestion and other stomach troubles, and after using it that uncomfortable feeling of fullness, dizziness or drowsiness, after eating, are no longer felt. Not only is S. S. S. the greatest of all tonics but possesses purifying and alterative properties, and if there is a taint in the blood it will promptly remove every trace and restore perfect health. In selecting your tonic for this year do not experiment but get S. S. S., the recognized standard.
